Those persons who want to hear how Arizona democracy and its candidates stand on political issues will go to hear our standard bearer, Col. J. F. Wilson, on Monday night, Frank Cox, the gifted orator of Phoenix, and Mark Smith, "our own Mark," will also speak.

The Fair to be given next month by the ladies of the Catholic church promises to be a grand affair. Several new attractions will be given nightly, which will add much to the enjoyment of the evening.

Julian Cardenas today received a large supply of fresh fruits and fancy groceries, including a supply of Mexican cheese, etc., which he has added to his already large stock, including the usual staple articles. He always sells at moderate prices.

Few men in this country are better or more favorably known to the drug and medicine trade than Mr. E. J. Schall buer in the proprietary medicine department of the Meyer Bros.' Drug Co., St. Louis. He says: "My boy came home from school with his hand badly lacerated and bleeding, and suffering great pain. I dressed the wound and applied Chamberlain's Pain Balm, freely; all pain ceased, and in a remarkably short time, it healed without leaving a scar. For wounds, sprains, swellings and rheumatism, I know of no medicine or prescription equal to it. I consider it a household necessity." Sold by Bisbee Drug Store. O

Attention Firemen.

No SILVER man should lead aid and comfort to the common enemy, the single gold standard. Vote only for men who stand on a platform of principles that are in harmony with the interests of Arizona.

Rev. David Roberts, will preach tomorrow, both morning and evening, in the society hall of the opera house building. Services commence at 11 a. m. and 7.45 p. m. The public are cordially invited.

John A. Kruse, a prominent capitalist of Chicago, came in on yesterday's train, accompanied by Capt. McIntire. These gentlemen are on their way to Sonora, being largely interested in the Sonora Land company.

The Bessemer Grill Room will tomorrow afternoon serve another of its fine dinners. Mrs. Croeser will give her personal supervision to the maker and patrons may be assured of obtaining all the delicacies of the season in the most approved and varied styles.

John Williams, has brought from Phoenix eight head of fine horses. Four of them are for use in his ore hauling team, two for the Copper Queen Co. store. The remaining two are fine buggy animals, one of them for Ben. Williams, the other for W. H. Brophy.

Divine Service will be held in Union Hall tomorrow morning beginning at 11 o'clock and at 8 o'clock in the evening. Rev. J. G. Pritchard, will conduct the services as usual. However since Prof. James Douglas, is expected to be here tomorrow, it is possible he will deliver the evening lecture.

A day or two ago it was erroneously stated in THE ONE that the Warren Steam Laundry had been leased to Mrs. Lewis. It should have been stated that the laundry had been leased to T. R. Grady and Miss M. E. Davis who will enter into possession on Tuesday next, Nov. 1st, and thereafter conduct the business.

The police authorities were this morning so willing to extend courtesy to some of the "hobos" who have recently congregated here, that they contributed to fifteen of their genus the time necessary to escort them beyond the limits of the town, then adding to the instructions of the "Weary Willies" the fact that they had better not come back.

The genus "hobo" has lately made its appearance in Bisbee to a somewhat unusual extent. Our police authorities do not propose to permit persons of this class to suffer for want of attention. This morning one of them was sentenced by Justice Williams to thirty days in the city jail, but execution suspended for thirty minutes that he might leave town.

Recently some evil minded persons in the darkness of night have been going about tearing down placards announcing the candidacy of various aspirants for official honors. This apparent evidence of petty spite does not appear to have been directed against any party or person in particular and therefore was doubtless the result of simple devilishness, but none the less it should be stopped.

Charles Olson, who was for nearly two years employed in the smelter of the Copper Queen Company, is here after an absence of about two years. He returns in a very unfortunate condition having become nearly blind. He is solicited by means of a subscription, the pecuniary aid of charitably disposed persons, to enable him to reach San Francisco and secure optical treatment. His is a meritorious case.

Yesterday surveyors were at work at Naco fixing lines and sites for stockpens and sidetracks there. The company well there is now down thirty two feet with a six-inch casing. There is every reason to expect a supply of water on sinking to a depth of from one hundred to one hundred and fifty feet, however the well may be sunk further in the hope of securing a flowing well. The company expect at comparatively early day to be able to secure a title to the townsite and be in a position to sell lots thereon.

The Mexican Band have for some time past been very assiduous in practice for which they surely are to be praised rather than censured. However there are many of our residents who are employed at night; quite a number of whom reside near the rooms in which the members of the band practice. These persons do not find that practice conducive to slumber. This fact some of them communicated through Justice Williams to the professor in charge of the band, who at once arranged that practice earlier than 4 p. m. be discontinued.

There is fully as much work being carried on here, even rather more men employed than at any previous period in the history of Bisbee, yet there are continuously a considerable number of idle men with us; just now perhaps more than usual. This is known to be the largest and most prosperous mining camp in the territory, and the Copper Queen the best company to be employed by, consequently more men seeking employment look here. While there are so large a number employed still there are comparatively few changes in the personnel of the employees, for the very reasons already referred to. Therefore it is not unusual to find a few special inducements to men seeking work, and does not now.

To Whom it May Concern.

Notice is hereby given that my wife, Martha Androvich, having left my home and board, I will in no wise be responsible for any debts contracted by her. M. G. ANDROVICH. Dated at Bisbee, Oct. 24th, 1898.

"I can't see how any family lives without Chamberlain's Colic, Cholera and Diarrhoea Remedy," says J. R. Adams, a well known druggist, of Geneva, Ala., in a letter inquiring the price of a dozen bottles, that he might not only have it for use in his own family but supply it to his neighbors. The reason some people get along without it, is because they do not know its value, and what a vast amount of suffering it will save. Wherever it becomes known and used, it is recognized as a necessity, for it is the only remedy that can always be depended upon for bowel complaints, both for children and adults.
